

The Burke County Health Department works to serve the citizens of our community through improving the health of the people and protecting the environment in which we live.

No person on the grounds of race, color, age, religion, gender, marital status, natural origin or handicapped status will be denied benefits or services.

All services are completely confidential.

Please call or stop in to make an appointment for clinical services.

When payment is required, income will be documented by check stub, W-2 form, income tax form or by letter from employer.

Interpreter services are available.
Please call for an appointment.

Hours:

Monday – Friday
8:00 AM – 5:00 PM

Burke County community health information and data are available within the health department and can be accessed through the county website. A copy of the community health assessment will also be available at the Burke County Public Library.

Revised: Feb. 06, 2019

Burke County Health Department

the Environment"

Clinical Services:

Primary Care

Any person (3 and older) may come and be screened for well/sick visits by our advanced care provider.

Cash/check, Medicaid and other insurances soon to be determined. Minimum charge of \$50.00. By walk-in or appointment.

Child Health

Provides Well Child check-ups for children birth to 21 and school exams for upcoming kindergartners. For more information, call 828-764-9177 or 828-764-9224

Family Planning

Provides birth control for women who desire to delay or space pregnancies. Education, exam, and birth control methods are provided. For vasectomy counseling and referral contact Lisa Moore at 828-764-9218.

Maternity Clinic

Provides complete service for pregnant women to ensure healthy babies and moms. Referrals are made for childbirth and prenatal classes. Call for an appointment.

Communicable Disease (CD)

Provides services to investigate, treat, and educate on suspected and confirmed CD cases including Tuberculosis (TB) and Hepatitis C.

****Must meet certain criteria to be tested****

STD Clinic

Provides services to anyone who may have, or suspects they have a sexually transmitted infection (STD). This clinic offers diagnosis and treatment. HIV testing is also available.

Immunizations

Provides immunizations or "shots" for children and adults. The clinic is available on Tuesdays, Thursdays and Fridays. Walk-ins should call ahead. For more information about costs and availability call 828-764-9176 or 828-764-9177. Visit <http://www.immunize.nc.gov/> to view upcoming immunization changes for children.

**For all clinical services,
please call to make an
appointment.**

Other Health Services:

WIC

(Women, Infants and Children Program) WIC is a special nutrition program for pregnant, recently post-partum women and children from birth to age 5. WIC provides nutrition education and specific, basic nutritious foods for those who qualify.

Pregnancy Care Managers (PCM)

Pregnancy Care Management services are available to pregnant women enrolled in NC Medicaid statewide. If you have certain conditions or risk factors, you may qualify for PCM. Examples include having had a preterm baby, a chronic illness such as diabetes, or concerns, like wanting help to quit smoking.

Care Coordination 4 Children (CC4C)

A program offered at no charge for Burke County families who have at risk children birth to 5 years of age. CC4C care managers are nurses that assist families who have children with long term medical conditions, and/or who are dealing with challenging levels of stress; and/or are referred by the child's doctor. Your child's care manager will work closely with your child's doctor to meet his or her needs."

Health Education

Works with individuals, families, worksites, and the community through many ways that improve their quality of life. A variety of program topics are available. For more information, contact Lisa Moore, Health Education Supervisor/ Health Promotion Coordinator, at 828-764-9218.

Safe Kids Burke County

Provides safety information to parents and caregivers and community partners. Offers free car seat checks and new car seats at reduced prices. Call 764-9219 more information.

Environmental Health

Conducts the following sanitation programs at this time: Day Cares, Adult Care Facilities, On Site Sewage Disposal, Food and Lodging, Institution, Public Swimming Pools, Private Water Supply, and Tattoo sanitation. For more information, call 828-764-9240.

**ALL SERVICES ARE
COMPLETELY
CONFIDENTIAL.**
